### New Song Books

The Community is in the process of creating new song books. As a part of that effort, we will need several people who can use a computer and can type in the words to the verses of the songs we have chosen. You should be able to use Microsoft Word. We will provide you a template to use so that we can have a consistent look throughout the new book.

If you are able to help with this effort, please contact Jesse Yoder at 859-858-8953.
